

The Village of Dobbs Ferry Offers Free Docking!

Boaters can now dock at the village of Dobbs Ferry and enjoy the local restaurants and village center. This all started last year when Jerry Silverman, the President of The Hudson River Boat & Yacht Club Association, approached the Mayor Vincent Rossillo with a request to add boat docks at the waterfront park. He said to contact the village administrator Melissa Ferraro to start the process. Last June the docks were set in place and immediately it was a win-win for the community.

Ms. Ferraro said, "Dobbs Ferry is a very welcoming village. The boat docks are available on a first come,

first serve basis for all recreational boaters during the season. We are thrilled when people stop here to enjoy our restaurants, shops and community events at Waterfront Park." Every Wednesday during the summer the Waterfront park hosts The Jazz Forum concert series free to the public.

Mr. Silverman stated, "We encourage other communities along the river to engage their local governments and ask for access to the river." The HRBYCA is available to help your community in offering public access to the river.
